**How must you pray during this time?**

- Pray in your heavenly language, says the Lord– there are many prayers that's need in your life; that you are not aware of says the father. As you pray in your heavenly prayer language, I will give you what to pray for.
- Ask God to give you a prayer language.
- Pray loud enough where you can hear yourself pray.
- This may seem odd at first, but you must continue, says the father.
- Pray for as long as you can, length of prayer is not the focus – obedience is the key.
- You must pray now not next year.
